Resources

MDPACE
https://md-pace.com/
MDPACE connects legislation partners counties and private capital providers to finance qualifying projects for commercial property owners, and to collect the repayment through annual or semi-annual surcharges on the property's tax bill.

MCEC
https://www.mdcleanenergy.org/
MCEC is a corporate instrumentality of the state with a statute-directed mission to advance clean energy and energy efficiency.

Clean Energy Advantage (CEA) Loan Program
https://cealoan.org
This program offers convenient & affordable financing for qualified home energy improvement projects in Maryland and Washington, D.C.

The Maryland Energy Administration (MEA)
https://energy.maryland.gov
MEA advises the governor and general assembly on all energy matters, promoting affordable, reliable and cleaner energy.

National Renewable Energy Laboratory (NREL)
https://www.nrel.gov/
NREL aims to advance renewable energy and energy efficiency science and technology.

U.S. Energy Information Administration (EIA)
https://www.eia.gov/
The EIA is an impartial database to inform the public and provide data for policymaking.

Solar Energy Industries Association (SEIA)
https://www.seia.org/
SEIA supports the U.S. energy goal to achieve 30% of electricity generation by 2030.

Fannie Mae
https://www.fanniemae.com/
Realtor database with goals towards sustainable homeownership through mortgage financing.

Fannie Mae's Selling Guide on Special Property Eligibility Considerations
https://cutt.ly/V2tTwc5

Energy Sage
https://energysage.com
Energy Sage provides transparent date and pricing from solar contractors.
